

I KEEP
BEING
TOLD THAT
THERE ARE
BETTER THINGS

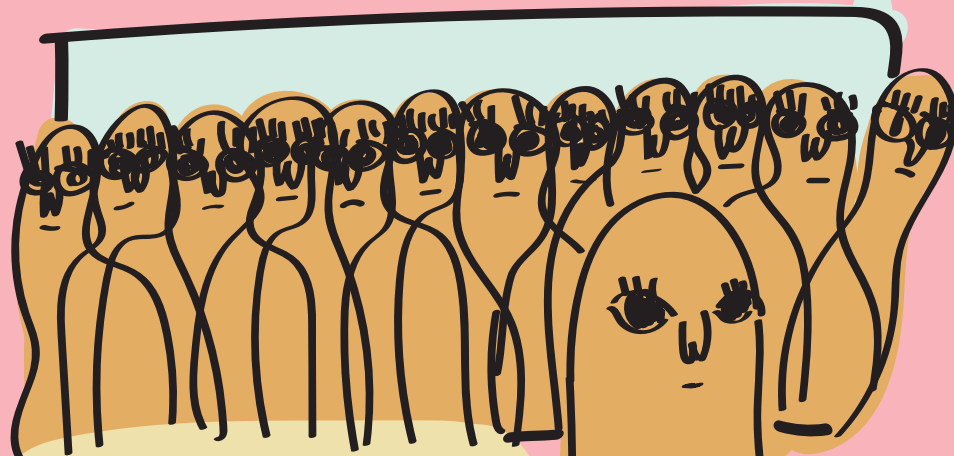

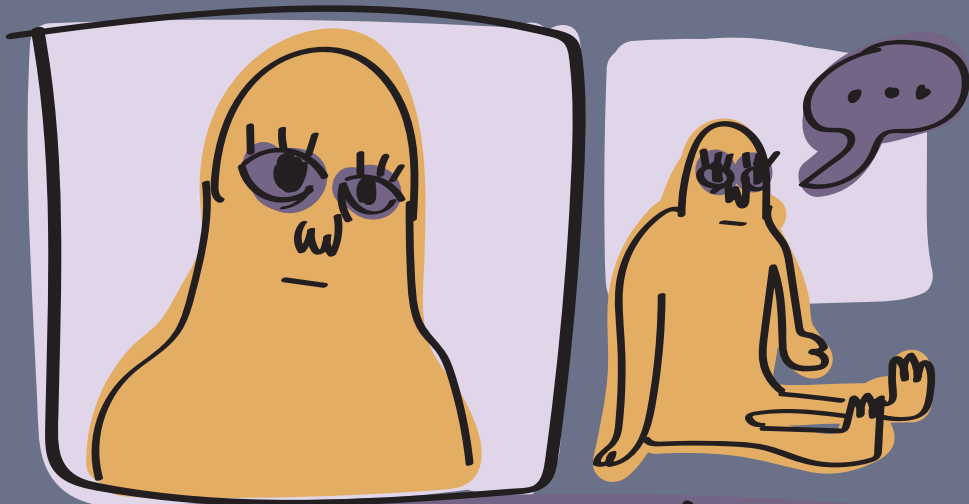

I'd like to
do this more
often

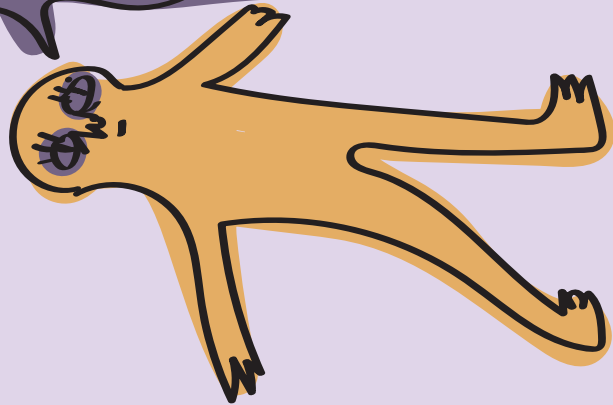

Oh, well actually
I do this all
the time

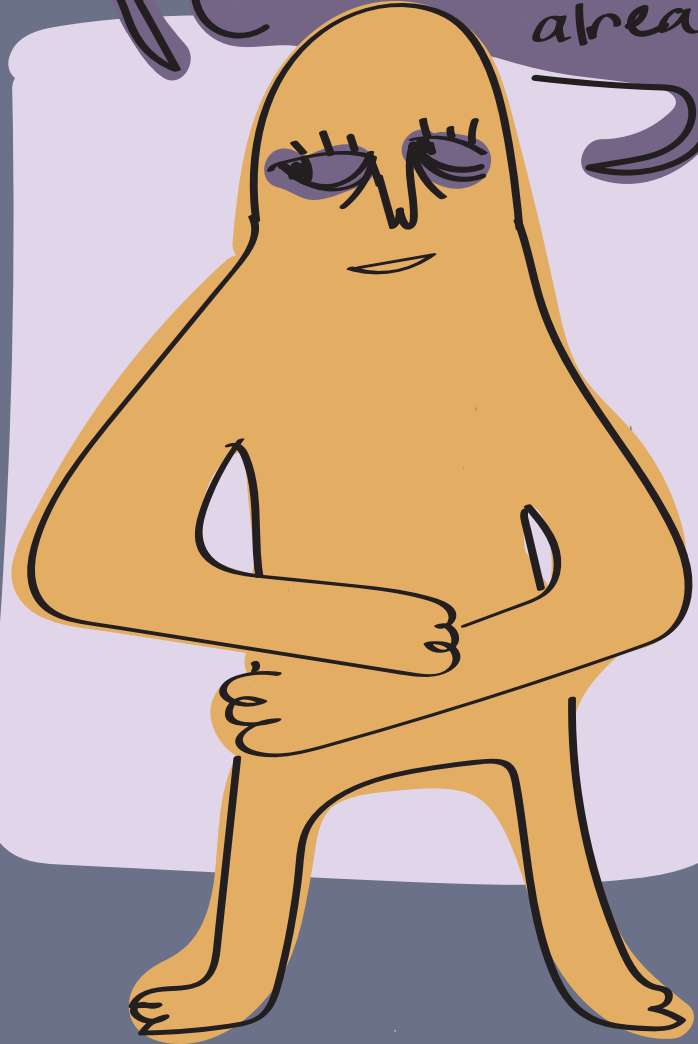

I used to not feel this snitty
all the goddamn time

... I guess I know the
answer to that one
already

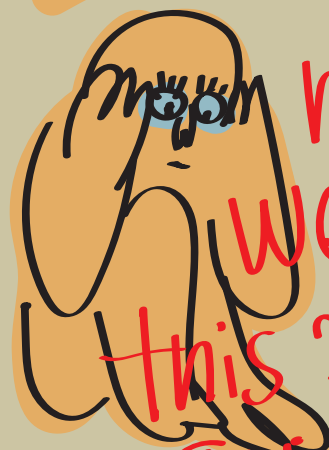

I just wanna make sure I'm the
person I say I am before I say
I'm that person

Why does it
matter?

now how did
we get to
this part so
quick?

I know you're thinking why
does it matter? but why
would it matter that it
might not matter?

for some reason this is hard, but
you might just have to take
my word on this one.

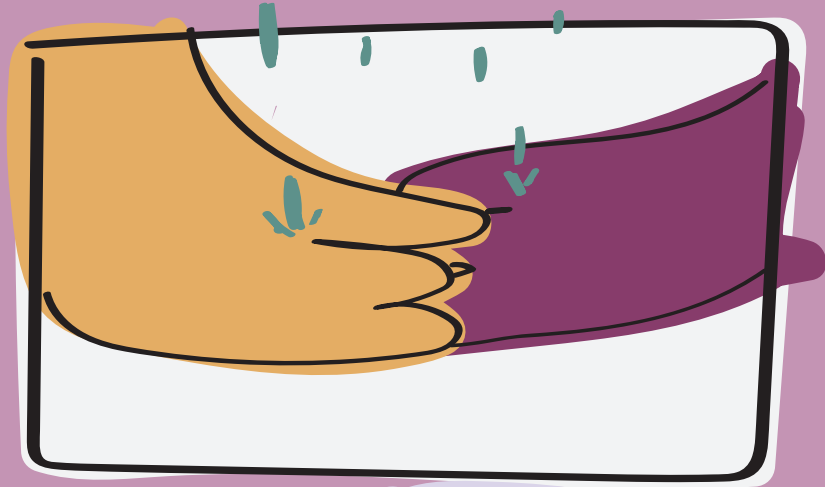

maybe im just asking
you to give more of a
shit about me?

you know, you never actually
answer my questions.

I

then why are we asking?
